

GOVERNOR'S LAND FOUNDATION

June 24, 2009

Mr. Joe Salama
S-Works Construction Corporation
310 Barlow Road
Williamsburg, VA 23188

Dear Joe,

I just wanted to take a moment and thank you and the rest of the S-Works team for such a great job on the expansion of the fitness center here at Governor's Land. You set an aggressive completion schedule and met it while providing a quality product. Adjustments to the design by the Foundation were handled seamlessly and priced fairly. I also appreciate the fact that you suggested ways to reduce the overall cost while maintaining the integrity of the design. I look forward to using you on our next project.

Sincerely,

Dave King
General Manager
